Work Experience

Software Development Engineer • Wealthy

April 2023 - Present | Bengaluru

- Developed robust **Progressive Web Applications (PWAs)** for **insurance systems**, combining frontend development and software engineering expertise. Implemented responsive and user-friendly interfaces, optimizing the user experience and streamlining processes for insurance-related tasks.
- Designed and implemented a cutting-edge stock **trading terminal**, demonstrating proficiency in frontend development. Engineered intuitive interfaces with real-time data updates, enhancing the platform's usability and performance.
- Contributed to the development of a **mutual funds transactions system**, showcasing versatility as a frontend developer and software engineer. Implemented secure and efficient transaction processes, ensuring seamless user interactions and compliance with regulatory standards.

Software Engineer Internship • Wealthy

December 2022 - February 2023 | Bengaluru

- Led the end-to-end design and development of a sophisticated **stock screener** project in a fintech environment, showcasing expertise in **UI design** and **Next.js** development. Achieved seamless integration of user-friendly interfaces with robust functionality, enhancing the platform's efficiency for **stock analysis**.
- Successfully implemented responsive design principles and real-time data updates, ensuring a cutting-edge user experience for the stocks screener tool. Independently managed the project, demonstrating a comprehensive skill set as a UI designer and Next.js developer in the dynamic fintech sector.

Web Designer Internship • ToXSL Technologies Pvt Ltd

May 2022 - December 2022 | Chandigarh

- Spearheaded the development of **responsive** and visually appealing **user interfaces** using **HTML**, **CSS**, and **JavaScript**, ensuring optimal website functionality for clients in a service-based company.
- Collaborated with cross-functional teams to translate design concepts into code, delivering high-quality, client-tailored solutions that elevated the overall user experience.
